Wild and Wonderful, the mountain state will definitely live up to it's name....

To 'Discover' the route of the American Discovery Trail in West Virginia click on the ADTS page: [Trail Directory for West Virginia](#).

West Virginia is called the Mountain State largely because it has the highest mean altitude east of the Mississippi River. The State Animal, the Black Bear, and the State Bird, the Cardinal both love the mountains and the over 110,000 square miles of hardwood forests in West Virginia.

To learn more about the State of West Virginia simply click on the highlighted links throughout this article.

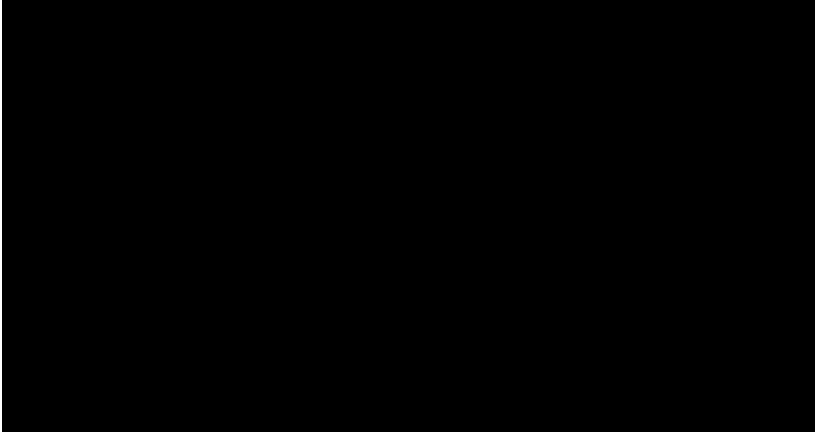

The West Virginia State Animal is the Black Bear.
